The logo consists of the letters 'FVS' in a stylized, 3D font. The 'F' and 'V' are a vibrant blue with a glowing, ethereal effect, while the 'S' is a muted, dark grey. The letters are set against a dark, rounded rectangular background.

THE GUIDED QUESTIONS

WHY WE WIN

You tell the story. We make the movie.

Most tools help you create content. FVS finds the story in your life and makes the movie.

PRODUCT	WHAT THEY DO	WHAT'S MISSING
Camera Roll	Stores photos and videos	No story
Day One · Journey · Reflectly	Capture memories and reflections	No structured narrative
CapCut · iMovie · Adobe	Edit videos	You still have to tell the story
Runway · Pika · Kling	Generate AI videos	Not your real life
FUTURE VIBRANT SELF	A complete story-to-film experience	—

Your story. Your voice. Your memories. One finished movie.

WHO IT'S FOR

You.

YOU'VE LIVED THROUGH SOMETHING THAT **CHANGED YOU.**

- A LOSS
- A REINVENTION
- A JOURNEY
- A DEFINING MOMENT

Every meaningful chapter deserves a story.

Future Vibrant Self turns that chapter into a finished story and movie — in your own words — so you can see who you've become.

—

Your story is your value

FOUNDER PROOF

I built the product I needed

For a year, I documented my own transformation using only an *iPhone*, *guided questions*, and *raw footage from my life*.

I turned that process into a feature-length documentary.

When friends and family watched it, they said:

“I know you better.”

—

The movie is the proof. The FVS app is the product.

Pay per chapter. Not a subscription.

OFFER	PRICE	WHAT YOU RECEIVE
Story + Audio	Free	Story Document and narrated audio for your first chapter
Director’s Cut	\$19.99	A finished cinematic movie of that chapter
Final Cut	\$29.99	Premium. More footage, retakes, and an extended finished movie
2-Chapter Pack	\$39.99	Two Director’s Cut credits
3-Chapter Pack	\$49.99	Three Director’s Cut credits

Start free. Pay only when you’re ready for the movie.

GROWTH

Every finished story can start another.

When someone chooses to share their film, it creates two actions:

01

Someone shares their film.

02

Someone else starts their own chapter.

NORTH STAR METRIC: % OF COMPLETED FILMS THAT LEAD TO A NEW CHAPTER.

Share your film. When a friend makes their first movie, get 50% off your next chapter.

WHAT WE ARE PROVING

The beta proves whether personal storytelling can become a repeatable, shareable product.

100-USER BETA GOALS

- Time from first prompt to finished film
- Prompt-flow completion rate
- Story / film completion rate
- Percentage of users who share
- Referral rate: completed user → new user
- Willingness to pay for a finished Chapter Film
- Emotional resonance: “Did this help you see your story differently?”

ONE STORY ENGINE.

A lifetime of meaningful chapters.
